Reflection questions to consider before....

# ***God's Invitation in the Old Testament***

**St. Malachi — St. Patrick — St. Colman**

**Wednesday September 8, 2010**

1. How do you ordinarily think about God? What is your image/shape/color/ personification/sound (or whatever notion you have) of God?
2. Does the brief history of thinking about the Christian doctrine of God help your understanding of God? In what ways?
3. What elements of the Hebrew Scripture help one to open up ways of thinking toward a tri-personal God?
4. How has God “invited” people to come to a better understanding of God?
5. What new insights do you have about who God is for Christians?
6. What new questions do you have about the triune God?
